

## ... THROUGH THE MESSAGE OF SONG.

Worship is one of the most visible acts of the church and the old saying, "a picture is worth a thousand words" defines how we use the arts to visualize the concept of faith. Our style includes many creative ways to communicate God's love and the unchanging truth of Scripture, including music, drama, video, Moved to Worship, and dance. We take God's call to worship Him very seriously, incorporating a variety of expressive means because people respond differently to different styles. Each service is carefully and thoughtfully planned to prepare our hearts and open our minds to God's Word from our pastors. None are staged to glorify the performer; instead, they are presented in ways that glorify God.
